New Haven Feb 2. 42

Dear Brother.

Potter sent me $300 to day (after I had written him & Walkley) for which I send you the above Dft.

I have boxed up about two thirds of the books in the center church Sabbath school library to send to the West & I now want some eight hundred or more volumes to put the library in decent condition. Indeed I would purchase 1500 volumes if I could find them - Can you help me to find them: I propose to have full sets of all those published by the Sunday school Unions of N York & Massachusetts. & as many others as I can find - also some 200 or 300 vol. for the Bible Class library. Can you not without much trouble obtain Catalogues & tell me of books proper - Or is there not some person ~~whose~~ in your City whose skill & taste &

HH4n

acquaintance with such works would enable him to select what we want

If you can aid me by obtaining catalogues or in any other way you will greatly oblige me

We are now in better health than for some time past. Nancy's shoulder & neck has been much affected by a cold & something like inflammatory rheumatism - but the affection has nearly left her now. Cornelia has nearly recovered from her cold & Tilly is quite happy.

We are very quiet here in all respects. I have been hoping to make you a visit for a long time. but have never been able to get my business out of the way enough for the purpose. I hope to do so however soon.

Love from all to all. We miss sister [illegible] much

Aff.y Yr. Br.
